

FRIDAY, JUNE 18, 1875.

MAINE REPUBLICANS.

The Maine Republican State Convention met at Portland on the 15th. The Committee reported a series of resolutions, the salient points of which are as follows: That the Union of the States might be maintained at all hazards; that the Government is that of a nation of confederacy; that local self government in matters purely local must be adhered to; that there can be no legitimate conflict between the powers of the nation and of any State; that a sound currency, based on coin and redeemable in coin, is essential to the prosperity of the people, and that the most kindly and fraternal relations should be cultivated between all sections of the country. Upon the first ballot Gen. Selden Connor was nominated for Governor.

RAILROAD RUMORS.—A dispatch from New York dated June 16th says it is privately rumored that the Vanderbilt railroad companies and the Chicago and Northwestern, being dissatisfied with Jay Gould's course in the Union Pacific, are seriously proposing to take up and complete the Northern Pacific Railroad. Another rumor is that Gould, failing to bring the Central Pacific to his demands, threatens to construct the proposed road from Ogden to the Columbia River, and so obtain connection with the Pacific Coast. The effect to market Central Pacific stock at remunerative prices are positively unavailing. The sales reported are not genuine.

THE SIOUX INDIAN COMMISSION.—The Commission to treat with the Sioux has been increased to eight members, as it was not known who would accept, and as invitations were extended to more than were needed, and eight finally accepted as follows: William B. Allison, of Iowa; E. W. Palmer, of Illinois; E. R. Ames, of Maryland; Gen. A. H. Terry and Hon. A. Comingo, of Missouri; S. D. Hillman, of Dakota; G. Beavois and J. R. O'Brien of New York. J. W. Dwyer was appointed Secretary. The salary to each is eight dollars per day with expenses.

A CHICAGO dispatch says Anna Dickinson intends to leave Chicago in two weeks for San Francisco to make her debut there under a well known manager. She returned from the South some time ago with enfeebled health, canceled her remaining lecture engagements, and began to study for the stage. The first character she is to assume is not yet announced. She goes to the far West to begin an actress's life, under the advice of numerous friends, who believe that she will succeed best by earning her laurels there first, rather than run the gauntlet of New York critics.

PALACE HOTEL.—The Palace Hotel now nearing completion in San Francisco, is the largest hotel structure in the world. It covers 96,250 square feet of ground, and is seven stories high; 24,681,000 bricks were used in its walls; 3,000 tons of cast and wrought iron, and 4,561,524 feet of lumber and timber. It contains 1,060 windows, 377 of which are bay-windows; 926 rooms, none of less size than 16x16 feet, and 388 bath-rooms. It contains over three miles of halls; there are five passenger elevators, and seven grand stairways; there are 4,540 doors; 9,000 gas-burners, and thirty-two miles of gas and water-pipe. It requires 50,000 yards, or twenty-eight miles of carpet. It can accommodate 1,200 guests, besides 300 servants and employees. And, best of all, there is not a dark or windowless room in the house.

Major McCoy, U. S. Centennial Commissioner for this State, and the editor of the Eureka Sentinel, have been having a familiar chat about Nevada at the Centennial, and the Sentinel is requested to call the attention of the press of this State to the conversation that occurred. We make a note of it as it appears in the Sentinel: "Major McCoy has some propositions with reference to Nevada's appearance at the Centennial, which we think are good and worthy of the especial attention of our people. To begin with, he thinks Nevada should have a commodious building on the grounds for the convenience and accommodation of her citizens. There will be a world of people there, and, instead of Sagebrushers wandering about listlessly through the surging throng, they ought to have a kind of rendezvous, or headquarters, where they can meet and exchange greetings and impart to each other such information as may be desirable. The building should be provided with an elegant drawing room for Nevada ladies, as well as suitable accommodations for the gentlemen. The structure might be under the control of some competent person from this State, who would also make it his business to ascertain and direct visitors to all parts of the grounds, including the most desirable places for board, lodging, etc. These will be in demand, and the course suggested would doubtless add very materially to the pleasure and comfort of those of our citizens who may visit the exhibition.

Major McCoy intends writing letters to Hon. C. C. Stevenson, President of the State Board of Examiners, and Alternate Commissioner J. W. Haines, urging on them the importance of constructing such a building as will be suitable for the purpose we have indicated. Our Legislature, last Winter, appropriated \$20,000, in coin, for Centennial purposes. The Major thinks this sum might be converted into greenbacks and the difference, say about \$3,000, could then be devoted to the erection of a suitable headquarters at Philadelphia. An architect ought to be sent on some months in advance to get the building in readiness. He should also be instructed to put it up in a manner to admit of its being taken down, in order that it may be sold for something which can be applied as a credit on the original cost." It strikes us that the suggestions offered should be acted on favorably. Our natural pride ought to stimulate us so that our exertions in behalf of our beloved State shall place her in the front rank at Philadelphia. It will be some time before we have a chance again, and we may not be there to see.

GORHAM.—Geo. C. Gorham is announced to address the people of San Francisco at Union Hall at 8 o'clock this evening, on which occasion he will discuss the Republican Platform, why and how it was adopted, and especially the relation of the Central Pacific Railroad with the People, the Party and Himself. An interesting subject just now.

The Republicans of Wisconsin will hold their State Convention at Madison on July 7th. Their newspapers are confident of a party victory next fall, and base their hopes on the conviction that the Liberal Republican vote will be cast for their candidates.

A proposition is pending before the Legislature of Connecticut that if a Judge of the Superior or Supreme Court shall be nominated for a Federal or State office his seat on the bench shall be considered vacant.

The Milwaukee News says that ex-Senator Carpenter intends taking an active part in the approaching gubernatorial canvass in Wisconsin, as a preliminary to ulterior efforts to regain the United States Senatorship.

LIME CITY, Ohio, June 7th, 1875.

EDITOR JOURNAL:—Having a few spare moments, I thought I could not better employ them, than by describing to the friends in Nevada some of the interesting things which I see about me. After a long and severe winter, spring was doubly welcome. Our

FIRST WARM DAYS
Were about the 30th of March. We sat without fires, and with open doors and windows. Warm weather continued for about a week at that time, and then it became cold again, the thermometer falling as low as 14 degrees above zero. The third week in April warm weather set in in earnest. The bounteous rains which fell at this time, so hastened vegetation that soon "the field were clothed in living green." To one always accustomed to rugged mountain scenery the miles of level country would with the tender green of springing crops, broken here and there by dense forests or blooming orchards, form a lovely picture. In spite of the backwardness of the spring the

CROPS ARE LOOKING FINELY.
Corn is being cultivated for the first time, and the grain fields promise an abundant harvest. For the past week the farmers had been feeling somewhat discouraged concerning the hay crop, on account of the continued dry weather, but to-day we were visited by a

REFRESHING SHOWER.
The morning was hot and sultry, there having been no dew the previous night; but about ten o'clock the thunder heads commenced rising in the West, but they were blown away nearly as soon as formed, until the latter part of the afternoon when they became more and more dense, and about five o'clock, although it still lacked two hours of sunset, it was so dark we were obliged to

LIGHT THE LAMPS.
The wind had now increased to a gale and the swaying of the tree tops sounded like the roaring of mighty waters; this continued for some ten or fifteen minutes, all the while increasing in violence accompanied by vivid flashes of lightning and heavy peals of thunder. Then the clouds burst and rain and hail came down in torrents. It rained violently until sunset, when the

HEAVENS WERE CRIMSONED
for a few moments by the afterglow, after which it settled into a steady rain which is softly pattering on the window as I write. M. B. G.

SUIT AGAINST THE MEXICAN AND UNION CONSOLIDATED.—Yesterday suit was commenced and complaint filed by D. O. Adkinson, as administrator of the estate of J. Neely Johnson, deceased, against the Mexican Gold and Silver Mining Company and the Union Consolidated Gold and Silver Mining Company to recover possession of the undivided ten feet five inches of the Atchison claim, which comprises five hundred feet next north of the Ophir, etc., from which the plaintiff claims to have been ejected by the defendants on May 29, 1875. Any one at all curious can figure up the money value of the claim from the number of shares and feet in the whole claim and the number of shares represented by the feet for which suit is brought, and the price current of the stocks; but as the values are continually changing it might be "love's labor lost."—Thursday's Enterprise.

The California Republican ticket does not get a good word from any paper in the State that prints the railroad advertisement.

Nods.—Charlie Weissert again puts in an appearance. Charlie likes Reno.

Charlie Stoddard came home last night. He said he would have been pleased to loiter longer by the seashore, but a man must eat there as well as here.

Judge Harris was in town yesterday. He paid Poehville a visit also, and was much pleased with what he saw there.

Barney McClure has returned from San Francisco. His new stock of furniture is arriving. He will be prepared in a few days to sell all articles in that line at astonishingly low prices.

M. M. Fredrick, of Virginia City, was in town yesterday. Glad to see him.

THE PICNIC.—The big picnic of the Knights of Pythias comes off to-morrow. Trains will leave at half past seven in the morning, sharp. The weather promises fine, and a jolly crowd from Reno will take advantage of it. Tickets for the round trip by rail, including admission to the grounds, are only \$2, to be procured of any member of the Order.

STEAMBOAT SPRINGS.—The new hotel at the Steamboat Springs is now open for the reception of guests and the public generally. It has been erected in connection with the bath-house, so that invalids even can have the benefit of the steam, tub or swim baths. Meals are also served at all hours. All charges are reasonable.

INTERESTING TO THE LADIES OF RENO AND VICINITY.—The new dress-making establishment opened by the Misses Vance, on Plaza street, opposite the freight depot, will receive and make to order in the latest styles, all kinds of plain and fancy sewing.

AN INVITATION.—A pressing invitation is extended to the ladies of Reno and vicinity to call at Barnett Bros. dry goods store, to view some of the greatest bargains in dry goods and fancy goods ever offered in Reno.

K. of P.—Amity Lodge, No. 8, will hold its regular weekly meeting this evening. All members in good standing are requested to attend, as business of importance is to be transacted.

A VARIETY.—Simmons and Cunningham display a great variety of fruit at their stores, consisting of all the descriptions of fruit now in season in California.

SOFTEN BOYS.—Company A, 1st cavalry, Captain Greger, arrived here yesterday from Benicia, en route to Camp Bidwell. The company numbered 69 men.

WANTED.—A neat dwelling house of four or five rooms, in a good locality is wanted to rent. Apply at this office.

BOOTS AND SHOES, ETC.—It is an established fact that these articles can not be got along without. Hence, it necessarily follows, that in the purchase of them we should not only look to price but to quality, for none of us desire to pay an extortionate price for an inferior quality of boot or shoe. There is no doubt but that John Sunderland can give us complete satisfaction in both respects. Then to Sunderland's, (on Virginia street), we will go, for boots, shoes, slippers, and all goods of that class.

NEW GOODS.—Mrs. McNeely has just received a new and beautiful lot of goods of the latest styles and colors, consisting of ready made suits, dry goods, muslins, prints, white goods of all kinds, table linen, towels, napkins, black silk, hosiery, two-button gloves, gent's kid gloves, also handkerchiefs, ladies' handkerchiefs, parasols, Spring shawls, corsets, zephyrs. Millinery and fancy goods of all kinds.

EL DORADO SALOON.—Conrad Zick has just taken charge of this place, opposite Wintermantel's Hotel. Every attention paid to the patrons. Musical headquarters.

NOTICE.—Mr. Nels. Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. SU LEE & CO.
